Description

BUTTERFLY is a modern office building that offers 23,105 m² of top-quality rentable space. The building with a beautiful green facade was designed by David Chisholm from the renowned international studio of CMC Architects. The excellent location of the building on the border of the developing business area and the modern residential district of Prague 8 - Karlín gives the Butterfly project a unique advantage over other projects. User comfort is ensured by a generous and thoughtfully designed work environment, which uses all the advantages of a residential area with a full range of civic amenities and services. Butterfly consists of two buildings that can be connected if needed. Both buildings offer 8,355 m² of office space on five floors, with a total office area of 16,710 m².
