lease

Unit area

170 - 320 m²

Total available area

490 m²

Description

Amazon Court is one of the most modern office buildings in the Czech Republic. It is technologically designed to control itself, and can, depending on the weather, influence the supply of light to the building and thus create a truly ideal working environment. The air exchange system in the building is also unique. The air in the premises is changed 3 to 4 times per hour. There is a large parking lot under the building, so you and your clients no longer have to solve the problem with parking.

River City Prague offers a wide range of services including three restaurants, a café and a fresh bar, post office, ATM, newsagent, florist, gym, physiotherapy, massage, etc. The location of the Amazon Court building along Rohanské nábřeží guarantees excellent car accessibility. From River City, there is a pedestrian bridge connecting the building with the Karlín district of Prague, where there are two metro stations (Florenc and Křižíkova - lines B and C) and tram stops in Sokolovská Street.
