Description

The DOCK IN THREE office building is part of a modern construction in the area of the former Libeň docks. The elegant office building is designed according to the latest architectural trends. The modern

offices of the DOCK project are located along the banks of the two blind branches of the Vltava river on the border of Karlín and Libeň. It offers not only work spaces near the city centre, but also by the river, which offers ideal conditions for relaxation during a busy day. B metro line is a 4-minute walk from the building, trams stop are 2 minutes from the building. The transport accessibility to the main roads and the proximity of the Blanka tunnel are also excellent. The whole area is gradually revitalized not only by the development of office buildings, but also by the construction of residential buildings. Right next to the project there is the popular Vltava cycle path, which will take you along the river to Troja and beyond the city.
