lease , sublease

Unit area

355 - 465 m²

Total available area

355 m²

Description

JUNGMANNOVA 15 is a modern office building offering 7500 m2 of class A office space and retail space. All floors of the building offer the possibility of divided and efficient open layout of office space,

including equipped kitchens and bathrooms. Each floor can either be divided into three units, or it can be used entirely by one tenant, so it is possible to build separate units on an area from 100 m² to more than 1000 m². Offices in the historic part respect the original construction of the building, but even here you can create an open space. The floors in the new rear part of the building are characterized by spacious areas and large windows in an elegant glass facade. If you settle on one of the upper floors, you will be able to enjoy incredible views of the entire city.
